INTERNATIONAL SEARCH REPORT

This International Search Report has not been established in respect of certain citatins under Article 17(2)(a) for the following reasons: 1. X	Box II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)
Although claim 25 is directed to a method of treatment of the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition. 2. Claims Nos.: Decause they relate to parts of the international Application that do not comply with the prescribed requirements to such an extent that no meaningful international Search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a). Box III Observations where unity of invention is lacking (Continuation of Item 3 of Itest sheet) This international Searching Authority found multiple inventions in this international application, as follows: 1. As all required additional search fees were timely paid by the applicant, this international Search Report covers all searchable claims. 2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international Search Report covers only those claims for which fees were paid, specifically claims Nos.: Remark on Protest The additional search fees were some paid, the covered by claims Nos.:	This International Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
